

SWG1

12 April 2023

## Erewash Canal - Nottingham Canal - Bennerley Viaduct

Meet: 10.00 - 10.15

Start: 10.30

Finish: 12.45 -13.00

Meet : in the car park of Armstrong's Mill (DE7 5TT)

**Please note:** Spaces in this car park are limited, but usually you will find additional spaces in Middleton Street. The more people are willing to car-share on this occasion the better!!!

This walk is about 4.5 m (7.2 km) long. There are several short cuts available if required. The foot paths are mainly on gravel, tarmac and some hard trodden clay. There are no stiles. Walking along the canals, the terrain is obviously very flat (apart from the stairs up the viaduct).

After the walk lunch is available at Millie's Restaurant in Armstrong's Mill. A copy of their menu is attached in my email. On Wednesdays senior citizens enjoy a £1 reduction, but **only on Roast Dinners.**

**Please note:** The restaurant requires us to pre-order our lunches **by Thursday 6 April.**

If you would like to join us on this walk, please contact me in the usual way.

Please state clearly if you only want to do the walk or if you also want to stay for lunch. If you intend to have lunch, I must have your order **by Thursday 6 April.**

Non-walkers, who just want to come for lunch, are equally welcome.

**PS:**

There are many outlets in Armstrong's Mill. Great chance to use your credit cards!!!
